

# Deloitte Fraud Tool

Application for claim handlers to identify fraudulent claims

**Deloitte.**

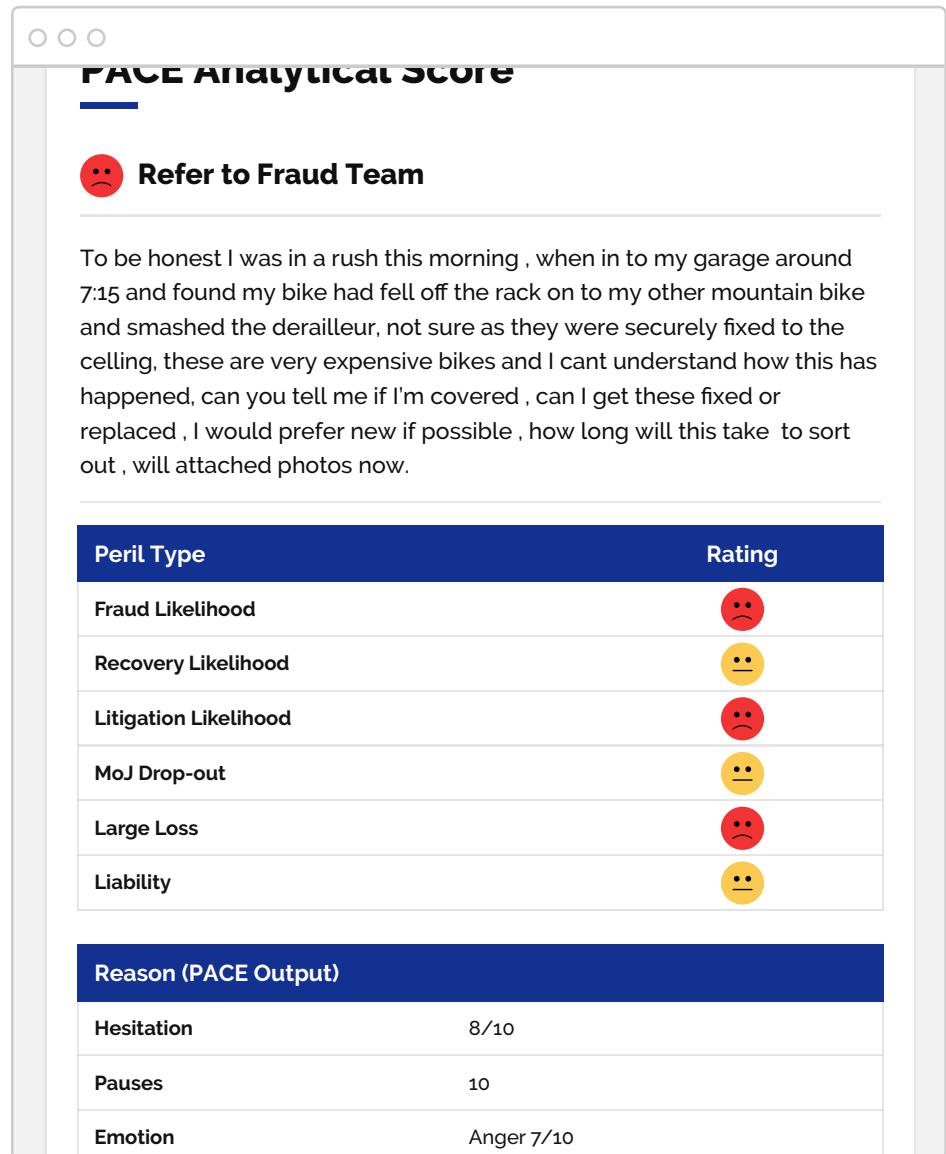

The interface includes a placeholder for a user profile picture and a summary text entry field. Below these are sections for 'PACE Analytical Score' and 'Refer to Team Lead'.

**PACE Analytical Score**

**Refer to Team Lead**

To be honest I was in a rush this morning... not sure as they were securely fixed to the ceiling, these are very expensive bikes and... this has happened... can I get these fixed or replaced... new if possible... will attached photos now.

Peril Type	Rating
Fraud Likelihood	
Recovery Likelihood	
Litigation Likelihood	
MoJ Drop-out	
Large Loss	
Liability	

The interface shows a summary text entry field and a table for 'Peril Type' ratings. Below this is a table for 'Reason (PACE Output)'.

**PACE Analytical Score**

**Refer to Fraud Team**

To be honest I was in a rush this morning , when in to my garage around 7:15 and found my bike had fell off the rack on to my other mountain bike and smashed the derailleur, not sure as they were securely fixed to the ceiling, these are very expensive bikes and I cant understand how this has happened, can you tell me if I'm covered , can I get these fixed or replaced , I would prefer new if possible , how long will this take to sort out , will attached photos now.

Peril Type	Rating
Fraud Likelihood	
Recovery Likelihood	
Litigation Likelihood	
MoJ Drop-out	
Large Loss	
Liability	

Reason (PACE Output)	
Hesitation	8/10
Pauses	10
Emotion	Anger 7/10

## Project Details

- Communication with Deloitte Brand Team to determine correct use of brand assets.
- Communication with Deloitte Director UK to learn internal process and behaviours.
- Device testing to ensure colour legibility on dated LCD displays.
